JOKERS...October was the month for our annual barbeque and as usual, the steaks were superbly cooked by our caller, John White. It was the month of our Costume Party also-----wonder where some of the people get their ideas!

Cher Cole underwent major surgery and we hope she will be back dancing with us shortly.

The David Yorks are enjoying their new baby, but will be back to dancing with the Jokers soon.

Newest members of the Jokers are Jack and Glenna Colistra.

Elaborate plans are underway for the celebration of the twenty-fifth anniversary of the Jokers.....Betty

ADOBE WELLDIGGERS...The third week in September, designated as, "SQUARE DANCE WEEK," brought out a lot of dancers and callers. All reports indicate everyone had a good time and lots of FOLKS came to watch. Our club members went to the ARGES, for "AFTER PARTY." The refreshments delicious as usual. The "JUBILEE COMMITTEE" outdid themselves this year. The "STYLE SHOW & BRUNCH" was a delightful event. There were record crowds attending the Jubilee. Our club is still auditioning callers. Come dance with us and help select our caller. HAPPY THANKSGIVING, everyone. Then only 31 more days until Christmas.....Lucile Briggs

—OUR DEADLINE IS THE FIRST OF THE MONTH—

SQUARE HOPPERS..We welcomed PETE and DEE FRANZ into the club last month. Summer is over and vacations are a thing of the past. Plans for the Fall are in motion. A Halloween party, a raid, a Christmas party, and a bus trip are being planned. Our new President, FRANK BUCK with the rest of the board, EUEL MCBUIRE, BETTY LOLEMEN, LENA RIVELAND, and BOB HOGAN are off to a good start with lots of good ideas. Our beginners class is going great and we have room for visitors, so come visit us on a Thursday night. Party night is the third Thursday.....Joyce Joyce Finnell--publicity (377-2873)

LONGHORNS...A good time was had at the picnic, where once again it was proven the Gals are smarter than the Guys. No ant, but lots of bees trying to help eat all the goodies. But no stings.

Bad news: the PARSONS visited us from Clear Lake. Our First Lady HELEN STEWART tripping off to Toronto. Caller ANN TAW BLAKE and ADRIENNE WESTMAN went up Sacramento way. ROY and GLADIE HARBAUGH joined GEORGE and MAY MARGIOTT on a cruise to Mexico to help share their 25th Anniversary. JOHN and URSULA FERGUSON returned from Austria to share their Silver Anniversary cake with the whole club. Now how about sticking around to do some HAPPY DANCING down the road to help with our new beginner dancers...HANK & TOOTIE MINTER

TWIRLING SANDS...Let me whisper the greatest news ever (no it isn't a baby--yet--one is on the way though). Our intermediate dancers we told you about some weeks back, well they graduated.

We are all busy as bees sewing, crocheting, knitting, cracking walnuts, making brew, and making pillows. Why??? Because our Country Store Hoedown is in the making. Yes we are returning with a bigger and better party than the last one we had. Would you believe people are still talking about that last affair we had in '75? Some people are still wearing their prizes they shopped for in our Country Store. It will be the Biggest Bash of the season, I guarantee it. COME...

Best of luck to Joe and Louise Hankin, we will miss you. Our caller is starting a new beginners class. They are lined up at the door now, waiting for the music to start. Any friends or shirt-tail relatives wanting to relax and have a good fun night are welcome. Call Jeanne for details.

S. C. V. S. D. A. 21st Annual Jubilee

We cannot find words to express our appreciation to all of the people who have contributed to the success of our 21st Annual Jubilee.

We've received dozens of compliments on this Jubilee and we want the credit to go to all of you who played a part in our success.

To all of our dancers - Without you, we wouldn't have had a Jubilee! To our Committee - Each of you have done your job well and you have worked well together, not just as a committee but as friends. The compatibility within our committee played a great part in the relaxed and happy atmosphere which prevailed throughout the weekend. To our Callers - Thank you for the cooperation and support you have given to our Jubilee and our Dancers Association. It's great that we can work so well together since we are so dependent on each other.

One of our largest bouquets must go to our young dancers. Our Square Dance Leaders of tomorrow were out in force and made our Youth Program an overwhelming success. Someone, or a lot of someones, certainly did something right!

Another bouquet goes to Ken & Audrey Oburn for their Contra Program. We had approximately 40 couples on the floor for each Contra Session and as a first try, that is really something to be proud of!

We have built many new friendships during the past year and deepened many old friendships. It has been a good year and a tremendously rewarding year for us. May Square Dancers and Square Dancing live forever!

Thank You All
BILL & BERNICE STOWELL

Hi, Square Dancers,

Now that I have been writing this article for Square Dance News for a while I would very much like to encourage you, whether Dancer or Caller to send your views in a Letter To The Editor of this Magazine. I know I have hit a nerve where some people are concerned, but I also know there's a heap of truth in what I say for many others. If you want to slap my wrist that's fine, and if you agree I need to know that also. In taking an overall careful look at our break neck speed progress in Square Dancing, I can only say we are on a course of distruction much like the one the Folk Dance world experienced some years ago. Now, I know Folk Dancing is a might more involved than Square Dancing....or should I say "was" a might more involved....for now Square Dancing has become quite involved and rat racy the past few years. Is it getting worse all the time? Are we simply victims of an overall Caller dictated repertoire? How fast do you suppose we can drive the present race to it's finish and soon after realize the finish is just that.....-30-!!! Have we come so far and so fast that the power to put on the brakes has been over-ridden by the speed of acceleration?

Of course, human nature being what it is, I know as well as you we will always be burdened with the Hot Shot Caller. The one who has to be first...and loudest..but let me tell you, he may not last to be last in his field! Choos-ing his pet calls to inflict on the dancers at an open dance whether it be Mainstream or Advanced is the sort of thing with which the dancers are constantly being bombarded. Do we really want this to continue? The fact is, if you don't object vocally there will never be any great amount of change. There is virtually no control over the Callers who are the guinea pigs for such Callers. Speak up, don't be afraid to voice your opinion. This writer is waiting to hear what you have to say.

BARNYARD BUMPERS.....We danced at the San Martin Winery to help in the Muscular Dystrophy program. The Bachelors 'n Bacheloretts, The Squares & Flares and the Sunnyvale Singles also attended and we all had a good time. We held our anniversary hoedown, and had twenty-two squares in attendance. The grand door prize went to Geo. Sherwood, of the San Lorenzo Singles for the club traveling the longest distance. The B & B of San Jose claimed the Buckskin which we obtained from the Peppy Steppers. Herb Jackson & Jay Klasson were our callers and Clark & Maxine Smith called the rounds.....

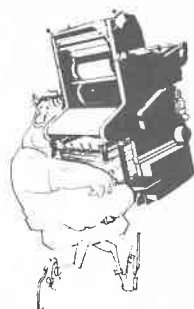

Harriet

SILVER DOLLARS....We welcome new members MICHAEL & MAUREEN ARONSON, JAY & MARY ANN HANSEN; JACK & TOKIE TANIMOTO, ALAN & LORI WATERMAN, and TROY & KAY BUTCHER. On the SCVSDA board; TOMOVICKS as 2nd VICE-PRESIDENT and BOLANDERS as Directors. Consider our Snowdown Hoedown in December; DAVE ABBOTT calling. Come visit and dance to our new club caller JOEL KADISH. Friends surprised RAE EBERHARDT with a party for his ????? birthday. GINNY & BOB KNIGHT gained a new daughter-in-law. DORIS ROBINSON enjoyed a vacation back east. Bright spot at our Hawaiian Hoedown was BEA BOWERS ear-rings. Getting together with others is great fun and the Dollars are doing lots of just the by dancing at the Jubilee, a campout at Oakwood Lake Resort and a costume Halloween Party with the Farmer & Farmerettes.....Juliet

CIRCULATOR....We celebrated the end of summer with a six square picnic at the home of DAVE and BARBARA BURLINGAME. There was dancing in the street, eating, swimming, and four couples earned their SUPER DUCK badges by actually swimming a square. Our caller, GENE BRAKEMAN, wearing red and white striped swim trunks (with red suspenders, yet!!), was dunked each time he made a mistake and a few other times too. The MARTINS and the ECKES showed up in 1890's bathing attire to add color to the event....they even swam in them. We all thank DAVE and BARBARA for opening their home to us for such a funtastic day.

PAIRS 'N' SPARES....Our picnic in Boysville was very well attended and enjoyed by all.

BEGINNERS CLASS started in September, with now a very very large number of couples....every Friday night at Parkside School in San Bruno. **HALLOWEEN HOEDOWN** October 22nd, with Jeannie Fischer and Howard Hillyer co-calling, was quite a success!! Costumes, laughter and quite unusual entertainment.

We all were saddened to hear of the death of one of our **PAIRS 'N' SPARES**, Frank Belders. He was one of the very nicest guys in our group, and we are truly grieved; his wife Cecilia, has all of our sympathy.....Ruth Harris

PRESS RELEASE: TEACHING TIME FOR NEW DANCERS
FROM: CALLERLAB, POCONO PINES, PA. 18350

During the past several years, Callerlab delegates, at their annual meetings, spent considerable time determining what basic figures all dancers should learn in order to participate in club level dancing.

The discussions included not only what figures and terms should be included in the list but also how long and in what sequence the basics should be taught.

The members of Callerlab further defined a stepping stone sequence of teaching called the Basic Program, Extended Basic Program and the Mainstream Program. In order to teach all of the figures and terms included in each plateau, and give the new dancers an opportunity to feel comfortable at each level of dance, Callerlab recommends 41 teaching sessions of two hours each or approximately 80 hours of instruction.

Several years ago, it took much less time to teach since we had fewer basics. With the advent of new basics and new concepts in choreography, we absorbed it into our regular dancing on a gradual basis.

This is especially true of the Callerlab Mainstream Experimentals that were started and published quarterly for the past three years. Maybe we all need to take stock of the situation and examine what we are doing in our own club.

By the term "we", the following are included: Callers, Caller Associations, Clubs, Club Officers, Dancer Associations, State and Regional Organizations and probably even National Organizations. No one segment of the activity can address this problem by themselves. We propose the following questions as the starting point.

1. At what plateau (dance level) should we expect the majority of the dancers to be able to dance?
2. Has the Callerlab Mainstream Program of square dance basics gotten so large that it is unattractive for the average non-dancer to take the time to learn and master the art of square dancing as a recreational form of entertainment?
3. Are we allowing the Caller (s) sufficient time to prepare the dancers for club dancing (at a designated level) or do we force graduation before the dancers are ready to feel comfortable at the designated level?
4. Should we work towards a 20 week plateau and support clubs at that level?

There are many additional questions to discuss. We welcome your comments and suggestions. Send them to John Kaltenthaler, Executive Secretary, Callerlab, Box 679, Pocono Pines, Pa. 18350.

NEWER DANCERS CHIT CHAT

with BARBARA

Hi Everybody! Welcome to our wonderful world of Square Dancing! By now you're really starting to feel like you're getting into this fun thing called Square Dancing. You've had time to get acquainted with some of the other class members, and it seems the more you learn, the more you want to get on to the next new thing. Well, let me tell you, the best is yet to come! Each night when you get to class, all your problems seem to go away for awhile and you just enjoy moving to the music, following the Caller's directions, and sharing the fellowship of some real nice people. You don't have time to think about anything you may have been worried about, so you come to the end of the evening feeling happy and refreshed as if you had a mini-vacation! And if you square dance for 20 years, you'll still feel that way.

Square Dancing is friendship set to music. That's our motto, and that's saying a lot -- but it's true. When you're moving through the basics, meeting the others in your square, everyone's smiling. That smile becomes reflected by each face and everyone feels great! A large part of square dancing is courtesy -- and that certainly adds to everyone's enjoyment. Most of our little rules of courtesy are unwritten, most are just common sense. But some bear repeating.

The first thing that comes to mind is: Don't talk -- while the instructor is teaching or explaining. If you got it the first time, someone else in your square might not have and we all have to work together.

When you join a square that is forming, don't leave it to join another where you may see a friend starting another one. Get to know the folks in your square and you'll find you're making new friends. You can dance with other friends next tip.

Don't hold on so tight! It is natural to hold on to a hand until you're sure it's okay to let go. But I've found that square dancers don't float off into the wild blue yonder if you just hold very gently to a hand or forearm. The ladies especially appreciate it -- and the guys do too. Also, there's someone who can squeeze harder than you!

Let's leave the don'ts for a minute and look at some do's. Do smile and be friendly. You'll be repaid a thousandfold, and when everyone is relaxed, they'll dance better!

Do yourself a favor and get acquainted with other class members. You'll find they're great folks and worth the effort to get to know.

Newer Dancers Chit Chat continued

Do make an effort to get to class each week. Sometime we all have to miss, and your instructor will review for you, but it's helpful to all if we all make an effort to be there if possible.

Guess what's coming up about December? Your very first Beginner Hoedown. Do get out to all the Hoedowns you can, dance with as many other callers and dancers as you can, you'll not only have a great time but you'll become a better dancer faster!

MAVERICKS..We had a terrific campout at Oakwood Lake Resort. About ten Maverick families joined us. Lots of fun on the water slide for those brave enough to try it. We hope all dancers had as good a time at the Jubilee as we did. A very good job done by all those who worked so hard to make it such a success. Some very strange people in some very strange outfits showed up at our Halloween party. A lot of fun was had by all and our congratulations on the really good costumes. Our bowling night is coming up soon so all of you bowlers and better get out there 'n start practicing.

CALLERLAB

The International Association
of Square Dance Callers

Box 679, Pocono Pines, Pa. 18350
717-646-8411

ACCOMPLISHMENTS OF CALLERLAB since its inception.

MAINSTREAM BASICS LISTS standardized. A thorough review by the continent's top callers of the basics used by the average dancer and club dancing in the once a week or twice a month category. This list was assembled into family groupings and reflects the work of many callers. The listing and ongoing committee work provide for the updating of the lists by additions and deletions. No more than three additions or three deletions can be made in any one year. This automatically provides stability.

MAINSTREAM EXPERIMENTAL program initiated. A system whereby a group of 50 callers from all over the US and Canada who are active in workshop groups vote on experimental basics that offer MAINSTREAM potential. The basics selected, not more than two per quarter, are published for use in MAINSTREAM Clubs as workshop material for the next three months. The calls may not be new but generally offer choreographic variety that can be handled in the MAINSTREAM Clubs. To date, no Experimental figures have been added to the MAINSTREAM BASICS List. However, two figures will become eligible to be included this year. To be eligible for inclusion, an Experimental must have been on the list for three years. Coordinate and Recycle fall into this category.

ACCREDITATION. A system whereby callers can become accredited by CALLERLAB as evidence of peer recognition. In general, a caller must have demonstrated certain minimum accomplishments in the field of calling to the satisfaction of at least three CALLERLAB members. The instructions state first hand knowledge. Items to be demonstrated include: General Calling Skills, Certain Specialty Skills, Training, and Experience. A caller needs 20 points to be accredited and points are earned by demonstrating skills in each of the measured categories. 5 Points for General Calling Skills, 1 Point for each of the Specialty Skills including One Night Stands, Contras, Round Dancing, & Advanced Dancing, 1 Point for Training of an approved Caller's Course by an approved Caller-Coach, and 3 Points per year for each year of continuous active calling not to exceed 15 Points total for experience. To date more than 450 callers are accredited.

CALLERLAB CALLER'S SCHOOL CURRICULUM developed. A short comprehensive list of what should be covered in a caller's school to meet certain minimum standards. This curriculum is available to any for the asking. We recognize that certain caller's schools will dwell on some areas to meet the needs of the students (beginner versus more advanced and experienced callers attending) and some take special advantage of the faculty involved in the teaching. Provisions are now in the works to provide accreditation of Caller's Schools.

CALLERLAB CALLER-COACH. Steps are now in the works to establish the procedures to accredit CALLER-COACHES. You will be advised when the provisions are in place.

MAINSTREAM PLUS I & MAINSTREAM PLUS II LISTS. A grouping of 12 figures in each plateau which reflects the next levels of dancing above the MAINSTREAM LEVEL. It is the next logical progression for those dancers and callers who wish to continue to provide more variety to their dancers. It is recognized that many dancers do not wish to advance to this level and do not dance frequently enough to warrant this program. Clearly, this program is not for all callers or dancers.

ADVANCED, BASIC CHALLENGE & EXTENDED CHALLENGE. A listing of the calls being danced by the dancers in these three categories. Like the preceding group, these calls are not designed for the low frequency dancer. The callers, in this category, vote on a regular basis on the calls to be included in each grouping. As they are revised, CALLERLAB will publish the revisions.

DEFINITION REVISION FOR CALLERLAB BASICS 1-38. A herculean effort by five dedicated writers and researchers to revise and standardize the terminology for use in teaching basics 1-38 of the CALLERLAB list of MAINSTREAM BASICS. Plans are in process to continue this effort for the remainder of the 68 basics in our list.

CODE OF ETHICS. An excellent guideline for callers outlining what they should be doing for their clubs, their dancers, the organizations of square dancing and their fellow callers. A breakdown of responsibilities and obligations to serve as a guide in one's endeavors in the field of square dance calling.

CALLERLAB ACCOMPLISHMENTS cont.

CALLER ASSOCIATION LIAISON. A first step in getting input from ALL Caller Associations. We are assembling sample constitutions and by-laws, compiling good examples of successful programs and are trying to get feedback from the grass roots of the activity.

SQUARE DANCE BUILDING GUIDELINES. A committee report outlining some of the important considerations when constructing a hall for square dancing. Details of construction, air conditioning, electric, insulations, bathroom facilities and kitchen details are among the topics covered. Insurance, parking and others are included also.

What are some others we are working on? What are some that we could be working on?

Establishment of a dancing plateau less than the full MAINSTREAM (Basics 1-68).

Improved styling - how to teach it, dance it and enhance it.

Standards of the calling profession.

Teen programs.

Rural Area Considerations.

Drop-outs.

Teaching- quality, efficiency, consistency, accuracy etc.

Timing - how long for each move. How to improve timing in calling.

Leadership.

Motivation.

Perhaps there are other areas that you feel CALLERLAB should get into. Please drop us a line. All suggestions can be funneled thru the CALLERLAB office or to Bruce Bird the chairman of the CALLERLAB CALLER ASSOCIATION LIAISON COMMITTEE. Do let us hear from you, we are trying to be of greater service to all callers and dancers regardless of where they are located.

BACHELORS 'N' BACHELORETTES.....Welcome new members JUDY SMITH, JOHN ADAMS, and STEVE JOHNSON. An active month: the Callers' Picnic, Dancing at Westgate Center, and the start of our beginner's class were some activities. We visited Barnyard Bumpers Anniversary Dance, and we now have the buckskin!!!! Several members have volunteered to dance with patients at Agnew State Hospital as a form of therapy. An interesting and rewarding experience.....Bert

FROM THE DESK OF Ken

Congratulations are in order to JAY & MILLIE KLASSEN on the birth of their daughter, REBECCA. Born Oct. 5, 1977 at 7:00 PM. REBECCA weighed in at 8 lbs 6 oz. and was 21 in. long. (Info. furnished by S.J. B'N'B's.) JAY was at the Jubilee and beaming all over. Said that MILLIE and REBECCA are doing fine. Ask JAY about his baby picture hanging in the Callers Hospitality room. It pays to advertise?

Speaking of the Jubilee. A fine job was done by all the Committees who put in lots of time and effort to make it one of our better Jubilees. A big thanks to two committee heads (From the S.C.V. Callers Assoc.) ARLAN & DONNA WIGHT, program chairman and MIKE & NORMA DEGMETICH, Round Dance Chairman, for all your hard work. It really showed! The 1978 Jubilee Committee will have a high standard to shoot for.

As you can see by the ads appearing in this issue, we are trying to have the clubs list the level of dancing you can expect at their Hoedowns (see page 10 for discription of levels). If an ad list Plus 1, that does not mean the caller is going to call all the basics listed in that section. It just gives him the right to try using the calls without walking them thru. The dancers are suppose to know, but not necessarily be experts with the basics appearing in Plus 1 (This is my opinion. Whats yours?) If the caller has any judgement at all he will not call Plus 1 figures if the floor can't handle them. (Altho I've been to dances where the caller has tried to, bless their pea pickin' hearts!)

The Callerlab Advanced Basic list appears elsewhere in this issue. I'm sure BOB SOUTHERN will have some comments next month on the list in his Challenge Corner. We have BARBARA BRADFORD back with her Newer Dancers Chit Chat, welcome BARB. We are sure glad we have friends like this helping us out, it makes our job a heck of a lot easier. Thanks good people.

JEANNE BRISCO brings up a good point. The folks who write these articles would appreciate any comments, pro or con, from you on what they have said. Why not let them know how you feel?

A note from FLORENCE & GORDON GUNTER: We wish to thank all clubs and callers who participated in Square Dance Week. We also appreciate your mention of it in your article which we always read.

A note from MARGARET KOLANDER: I wish to thank all the Association Board, Association members & all our Square Dance friends for all the nice things that you did for ALEX & Me while we were active in Square Dancing.

Smile Darn You Smile!!!

It happens in a flash but the memory of it lasts forever. It cannot be begged, borrowed or stolen, but is of no earthly good to anyone until it is given away. So if in your hurry you meet someone who is too weary to smile, leave one of yours, for no one needs a smile quite as much as he who has none to give!

It takes only seventeen muscles to smile ... forty three muscles to frown ... conserve your energy ... SMILE!

California Square Dance Council has the ability to recognize talent. They have appointed Bob and Lois Ferber as Education Chairman and Joe and Ione Yetka as Square Dance Promotion Chairman.

This is my last column in Square Dance News as Publicity Chairman for S.C.V.S.D.A. I want to thank Ken and Audrey Oburn, publishers of this fine magazine, for the valuable contribution they are making to square dancing in the Santa Clara Valley.

SANTA CLARA VALLEY SQUARE DANCERS ASSOCIATION FROM THE PRESIDENT

This is our first message from your new President for 1977-1978. We have a very talented and capable board taking office in November.

There has been some talk about insurance and as ours is coming up for renewal; we would like to have the clubs bring it up at their meetings and write to the S.C.V.S.D.A. what insurance they would like to have.

Don't hesitate to call us if we can help you. If we don't know the answers to your questions we have many past officers who I am sure will help us out. With everyone helping out on it we should have a very happy and productive year.

CONSIDERATE SQUARES - No. 4 PROMENADE POSITION

The man's hands are held forward at what would be midway from shoulders to waist for the lady. The man's hands are palm up ready to receive the lady's hands palms down.

Rather than a "grip", the man simply rests his thumbs on the lady's hands so that only a very slight pressure serves to indicate direction.
